

# John Street U. P. Church Literary Institute

## Overview

John Street is located in the heart of Glasgow's city centre. Members of this society were most likely part of the congregation of the John Street U. P. Church. (For more information about this church, see '[John Street UP Church](#)' on *The Glasgow Story* website).

There is little currently known about this society. The only evidence we have comes from the syllabus of another literary group, the Queen's Park U. P. Church Young Men's Institute, which lists the dates in various years on which the John Street society was scheduled to participate in a joint debate with them (see below).
